September 10, 2008

As Vice-President of Community Development for the Huntington Bank, I am pleased to support the YNOTT Foundation. I have partnered with Edward Drake II, and I am pleased of the success of the organization.

Huntington Bank is very aware of YNOTT's commitment to educating, empowering and improving the importance of organ donation through education workshops, trainings and acting as a community resource and knowledge base.

Huntington Bank will be partnering with YNOTT on various initiatives throughout this year and look forward to working with YNOTT with future opportunities. We are confident that YNOTT can improve the awareness of organ donation within this community.

This letter of support is written to fully support the YNOTT Foundation as they continue to work to improve their community.

Sincerely,

Reggie Thomas
